HUBLEY

HUBLEY "KIDDIE" TOYS

"They look just like real ones"

The toy-buyer finds in any catalog a bewildering assortment of items from which to make the selection of those numbers which his experience tells him will win the hearts of the children and the dollars of the grown-ups. To successfully select those toys which will fill both demands requires a shrewd judgment coupled with some experience.

Every toy in this catalog has a definite appeal to some group of prospective customers.

Made to Sell

Hubley Toys are made to sell. They are produced in large quantities in a modern factory and can therefore be "priced right." But most important of all, they are designed and finished with the appeal to both children and parents in mind. Their accurate details, bright and permanent finish, novel "play" features, and sturdy strength assure them a prominent place on the counters of any toy store or toy department.

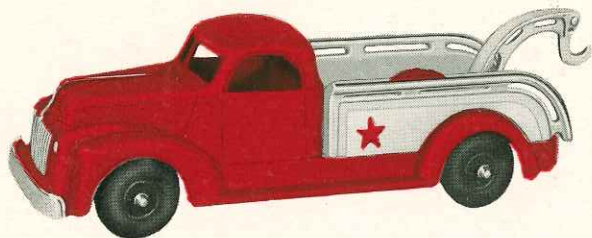

THE HUBLEY MANUFACTURING CO.
LANCASTER, PENNSYLVANIA

No. 500 Tractor Trailer Truck
"Three in One" Toy

Length, 17½ inches.

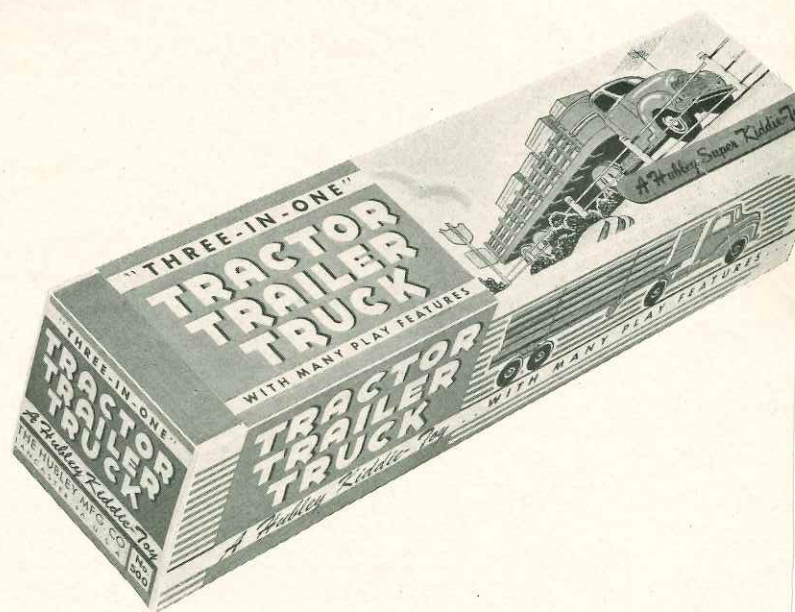

Packed 1 in a box; ½ dozen to a carton.

Weight per carton, 35 lbs.

Red with aluminum trimming.

Furnished with removable aluminum sides; also load of logs and chains to make a lumber truck. Knee action rear wheels; 14 black rubber tires and retractable trailer support with two red rubber wheels.

Attractive individual box.

From this attractive all die cast toy can be made three separate and distinct vehicles. By removing the metal stakes, the toy is transformed into a flat bottom truck. The logs, chains and springs furnished can be put into place, making a lumber truck, as illustrated.
